COOKING INSTRUCTIONS*

CONVENTIONAL OVEN: Preheat oven to 375°F. Remove heat safe film. Place pan directly on the middle oven rack and bake for approximately 30 to 35 minutes or until sauce is bubbling throughout pan and top is browned in places. If top browns too quickly, cover with foil until finished cooking. Remove from oven; contents will be very hot. Stir gently and let set for up to 2 minutes before serving. (The noodles are very fragile, so stir carefully.)

MICROWAVE: Leave heat-safe film on tray and cut a 2-inch slit into the film. Place pan onto a microwave safe plate and microwave for 4 minutes on high power. Carefully remove the film. Return pan to the microwave and cook for 1 to 1½ minutes longer, or until sauce is just bubbling on the edges. Stir gently and let set for up to 2 minutes before serving. (The noodles are very fragile, so stir carefully.)

**Ovens vary; cook to an internal temperature of 165°F as measured with a food thermometer. Keep frozen until ready to bake.*
